

## Early Journal Content on JSTOR, Free to Anyone in the World

This article is one of nearly 500,000 scholarly works digitized and made freely available to everyone in the world by JSTOR.

Known as the Early Journal Content, this set of works include research articles, news, letters, and other writings published in more than 200 of the oldest leading academic journals. The works date from the mid-seventeenth to the early twentieth centuries.

We encourage people to read and share the Early Journal Content openly and to tell others that this resource exists. People may post this content online or redistribute in any way for non-commercial purposes.

Read more about Early Journal Content at <http://about.jstor.org/participate-jstor/individuals/early-journal-content>.

JSTOR is a digital library of academic journals, books, and primary source objects. JSTOR helps people discover, use, and build upon a wide range of content through a powerful research and teaching platform, and preserves this content for future generations. JSTOR is part of ITHAKA, a not-for-profit organization that also includes Ithaka S+R and Portico. For more information about JSTOR, please contact [support@jstor.org](mailto:support@jstor.org).

## DEATHS DURING WEEK ENDED JAN. 1, 1921.

[From the "Weekly Health Index," Jan. 4, 1921, issued by the Bureau of the Census, Department of Commerce.]

*Deaths from all causes in certain large cities of the United States during the week ended Jan. 1, 1921, infant mortality (per cent), annual death rate, and comparison with corresponding week of preceding years.*

City.	Popula- tion Jan. 1, 1920, sub- ject to revision.	Week ended Jan. 1, 1921.		Average annual death rate per 1,000. <sup>2</sup>	Per cent of deaths under 1 year.

<sup>1</sup> Cities appearing in the summary are those shown for the 53 weeks in the Weekly Health Index.

<sup>2</sup> Populations estimated as of July 1, 1920, based upon the Federal Censuses of 1910 and 1920.

<sup>3</sup> Allowance has been made for the 5 extra days which must be deducted from the 53 weeks to give a period of 366 days.

<sup>4</sup> Infant mortality rate is based upon deaths under 1 year as returned each week and estimated births, 1920.

<sup>5</sup> Cities left blank are not in the registration area for births.
